Statistics for Business and Economics

of students using ALEKS is the time that they spend in it. This means that the students must be required to spend a suitable amount of time in ALEKS on a weekly basis. (A minimum of three hours is recommended.) They should be informed of this at the beginning of the course, and the instructor should monitor their fulfillment of this obligation.

Teaching with for Business Statistics - ALEKS

Inferential Statistics: deals with procedures used to make inferences (predictions) about a population parameter from information contained in a sample. Elements of a statistical problem:
(i) A clear definition of the population and variable of interest. (ii) a design of the experiment or sampling procedure.
(iii) Collection and analysis of data (gathering and summarizing data).
