

collaborative web search who pdf

search task that would benefit from collaboration, and which SearchTogether is designed to support. The value of providing a persistent representation of search

SearchTogether: An Interface for Collaborative Web Search

Web browsers and search engines are typically designed to support a single user, working alone. However, collaboration on information-seeking tasks is actually commonplace. Students work together to complete homework assignments, friends seek information about joint entertainment opportunities, family members jointly plan vacation travel, and colleagues jointly conduct research for their projects.

collaborative web search | Download eBook PDF/EPUB

Pages can be active, can be automatically generated in real time, and may contain multimedia. Web search engines crawl the web, downloading and indexing pages in order to allow full-text searching.

Collaborative Web Search | Request PDF - researchgate.net

Today's Web browsers provide limited support for rich information-seeking and information-sharing scenarios. A survey we conducted of 204 knowledge workers at a large technology company has revealed that a large proportion of users engage in searches that include collaborative activities.
